

## History

With its roots in the nineteenth century, Orr & Reno was established in 1946 by Dudley Orr & Bob Reno, and has been a leading New Hampshire law firm for over sixty years. Dudley and Bob were visionaries who laid down the principles on which the modern firm still operates: excellent legal advice, outstanding client service and strong ties to our community. We are pleased that we trace some of our client relationships back to the firm's beginnings.

We are proud that David Souter, former Associate Justice of the United States Supreme Court, was once part of our firm.
